

IV Personnel and Organization

The general director of Rheinpreussen plants was Heinrich Kost. His principal assistants are presumably those named on circular letters issued late in 1944 and early in 1945, from which Table II, page 11 has been prepared.

More detailed information regarding a number of employees of the synthetic fuel plant and laboratories were found on personnel cards which were seized for future use as desired (Document 101).

TABLE II  
MANAGERIAL PERSONNEL OF  
RHEINPREUSSEN PLANTS

Gen. Direktor	Baumeister
Kost	Arntzen, Neumuhl
	Hilbert
Herrn Direktor	
Uterberg	Brandinspektor
Kuppers	Vondran
Fehlemann	
Struven Schacht V	Rechnungsführer
Dr. Grimme "	Flottmann
Dr. Kolbel "	Schmitz
Inspector	Markscheider
Blocher	Schulte
Bofonschen	
Wengeler	Oberingenieur
	Dr. Kochs
Betriebsführer	Scholler
Hauer Schacht VI	Korner
Ley "	
Kuhl "	Dipl. Ingenieur
Schmidt "	Nonnstiel
Schroder Neumuhl	Deckert
Thielicke Schacht I/II	Bruckhaus
Ziegler " V	
Maschinenfahrsteiger	
Gelhausen	
Schaffranitz	
Kokereichef	
Rohrwasser Schacht I/II	
Betriebsführer	
Hacklander	
Dossman	
Richter, Neumuhl	
Kirchoff Schacht I/II	
Bergmann	
Oberassistent	
Bamberger	

The organization of the Moers-Meerbeck plant was outlined by our informants as follows:

Synthetic Fuel Plant

Managing director	Baumgartner
General plant	Breitenstein
Processing	Rumof
Alcohol plant	Dr. Haeuser
Boiler and machinery	Biermann
Power	Nute
Workshop and erection	Lohmann
Plant control	Ing. Juengling
Technical office	Herr Menger
" "	Herr Girke

Coking Plant

Managing director	Hacklaender
Deputy	Ditzel
Plant engineer	Höld
Assistants	Witzke, Bilo, Schmalz, Koehn
Technical office	Westerlage

Laboratory

Chief chemist	Dr. Grimme
Chemist	Dr. Schmitt
"	Dr. Wiedmann
"	Dr. Campen
"	Dr. Woellner
Engine testing Laboratory	Dr. Dahnefelser

This list of laboratory personnel is believed to be incomplete and does not include the organization of the Research Laboratory about which very little information could be obtained.
