

WASH-1337-3

655 3500 (Rev 1)

SYNTHETIC FUELS FROM COAL

NOTICE

This report was prepared as an account of work sponsored by the United States Government. Neither the United States nor the United States Atomic Energy Commission, nor any of their employees, nor any of their contractors, subcontractors, or their employees, makes any warranty, express or implied, or assumes any legal liability or responsibility for the accuracy, completeness or usefulness of any information, apparatus, product or process disclosed, or represents that its use would not infringe privately owned rights.

A Report to the
AEC Senior Management Committee

February 5, 1974

Revision 1

MASTER

Division of Applied Technology

CONTENTS

Volume I

Abstract

- I. Summary
- II. Introduction
 - A. Program Description
 - B. Project Description
 - C. Background - The Program in Context
 - 1. The International Setting
 - 2. The National Setting
 - 3. Economic Factors
- III. Development of a Large-Scale Technology Base
 - A. General
 - B. State-of-the-Art
 - 1. Liquefaction
 - (a) Direct Catalytic Hydroliquefaction
 - (b) Extraction-Hydrogenation Processes
 - (c) Pyrolysis Processes
 - (d) Methanol Processes
 - (e) Fischer-Tropsch Process
 - (f) Newest Processes
 - 2. High BTU Coal Gasification
 - 3. Coal Mining and Plant Siting
 - C. Accelerated Development Program
 - 1. Liquefaction

- 2. Coal Gasification
 - 3. Mining and Plant Siting
 - D. Government Role in Technical Development Phase (Now to 1980)
 - 1. Recommendations-Prototype (Pilot) Plants
 - 2. Recommendations-Pioneer Pilot Phase
- IV. Development of an Industry
- A. General
 - B. Constraints to Accelerated Growth
 - 1. Institutional Constraints
 - (a) Government Policy Constraints
 - (b) Constraints Imposed by Industrial Practices
 - (c) Financial Constraints
 - 2. Physical Constraints
 - (a) Engineering and Construction Manpower Constraints
 - (b) Mining Manpower Constraints
 - (c) Constraints on Steel for Construction
 - (d) Heavy Equipment Procurement Constraints
 - (e) Energy Transportation Problems
 - (f) Impact on Environment
 - (g) Mining and Plant Siting Constraints
 - C. Government Role

V. Suggested Future Action

- A. Near-Term Management
- B. Long-Term Management
- C. Policy Issues

List of Companies Contacted in the Preparation of this Report

List of Contributors to this Report

Appendix A - Commercial Aspects of the Production of Clean Fuels from Coal

Appendix B - A Recommended Program to Demonstrate and Promote the Industrialization of Clean Fuels from Coal

Volume II

Appendix C - Mining and Siting Aspects of Synthetic Fuels Industry
