One Source. One Search. One Solution.

NTIS

Providing Permanent, Easy Access to U.S. Government Information

National Technical Information Service is the nation's largest repository and disseminator of government-initiated scientific, technical, engineering, and related business information. The NTIS collection includes almost 3,000,000 information products in a variety of formats: electronic download, online access, CD-ROM, magnetic tape, diskette, multimedia, microfiche and paper.

Search the NTIS Database from 1990 forward

NTIS has upgraded its bibliographic database system and has made all entries since 1990 searchable on www.ntis.gov. You now have access to information on more than 600,000 government research information products from this web site.

Link to Full Text Documents at Government Web Sites

Because many Government agencies have their most recent reports available on their own web site, we have added links directly to these reports. When available, you will see a link on the right side of the bibliographic screen.

Download Publications (1997 - Present)

NTIS can now provides the full text of reports as downloadable PDF files. This means that when an agency stops maintaining a report on the web, NTIS will offer a downloadable version. There is a nominal fee for each download for most publications.

GAS GENERATOR RESEARCH AND DEVELOPMENT

SURVEY AND EVALUATION

Phase One, Volume One

BCR Report L-156 Prepared for
**OFFICE OF COAL RESEARCH
DEPARTMENT OF THE INTERIOR**

Washington, D. C. 20240

Period of Performance
January, 1964 - March, 1965
Under Contract No. 14-01-0001-324

BITUMINOUS COAL RESEARCH, INC.

350 Hochberg Road
Monroeville, Pennsylvania

BIBLIOGRAPHIC DATA SHEET		1. Report No. OCR/R&D 20/Vol 1/Int. 1	2.	3. Recipient's Accession No.
4. Title and Subtitle GAS GENERATOR RESEARCH AND DEVELOPMENT - SURVEY AND EVALUATION -- Phase One, Volume One			5. Report Date August 1965	6.
7. Author(s)			8. Performing Organization Rept. No.	
9. Performing Organization Name and Address Bituminous Coal Research, Inc. 350 Hochberg Road Monroeville, Pennsylvania 15146			10. Project/Task/Work Unit No.	
			11. Contract/Grant No. 14-01-0001-324	
12. Sponsoring Organization Name and Address Office of Coal Research Department of the Interior 2100 M Street, N.W. Washington, D.C. 20037			13. Type of Report & Period Covered Interim Jan. 1964 - Mar. 1965	
			14.	
15. Supplementary Notes				
16. Abstracts This report, prepared in two volumes by Bituminous Coal Research, Inc., as part of the coal gasification work being carried out under contract to the Office of Coal Research, describes in detail the latest methods of gasifying coal as practiced and projected by many organizations both in the United States and abroad. In addition to the general survey information, the report on Phase I describes improved systems, as conceived by BCR, for investigation during Phase II of the contract. Altogether, some 20 commercial processes, and 21 conceptual or newly-proposed processes were found of sufficient interest to merit inclusion in Volume II.				
17. Key Words and Document Analysis. 17a. Descriptors Gasification processes Evaluation of processes Pressure gasifiers Synthesis gas Catalytic steam methanation				
17b. Identifiers/Open-Ended Terms Lurgi Koppers-Totzek				
17c. COSATI Field/Group				
18. Availability Statement No restriction on distribution. Available from National Technical Information Service, Springfield, Virginia 22151			19. Security Class (This Report) UNCLASSIFIED	21. Pages
			20. Security Class (This Page) UNCLASSIFIED

PREFACE

Bituminous Coal Research, Inc., is conducting a Gas Generator Research and Development program for the Office of Coal Research, Department of the Interior.

As a part of the report on Phase One, entitled "Survey and Evaluation," three major appendixes were prepared. Because of their potential usefulness as reference material for projects other than the one being conducted by Bituminous Coal Research, Inc., the literature survey and the appendix entitled "Survey Data and Information File on Gasification Processes" are presented in Volume Two as a separate unit rather than in numerical order in the total report.

Date of Manuscript
March, 1965

TABLE OF CONTENTS

VOLUME ONE

	<u>PAGE</u>
Section 1 Summary and Recommendations.....	1
Section 2 Introduction.....	3
Section 3 Survey and Review.....	5
Section 4 General Discussion of Factors Affecting Economics of Gasification Processes.....	28
Section 5 Results of Initial Screening of Proposed Gasification Processes.....	37
Section 6 Evaluation of Synthesis Gas Processes as Projected to Full-scale Commercial Operation.....	68
Section 7 Evaluation of Fuel Gas Processes as Projected to Full- scale Commercial Operation.....	127
Section 8 Evaluation of Promising Processes for Producing Other Gases.....	143
Section 9 Research Opportunities.....	154
Appendix 3.1 Literature Search - Annotated Bibliography.....	See Volume II
Appendix 3.2 Literature Search - Additional References.....	See Volume II
Appendix 3.3 Organizations Contacted on Survey of Developments in Coal Gasification.....	173
Appendix 3.4 Summary of European Survey Trip.....	177
Appendix 3.5 Survey Data and Information File on Gasification Processes.....	See Volume II
Appendix 4.1 Estimated Cost of Feeding Coal into Pressure Gasifiers.....	187
Appendix 4.2 Design and Estimated Operating Cost of a New Conceptual Coal Feeding Device.....	197

TABLE OF CONTENTS, Continued

	<u>PAGE</u>
Appendix 5.1 Cost Data for Auxiliary Equipment and Services	203
Appendix 5.2 Cost Estimates for Electric Gasification of Coal.....	220
Appendix 5.3 Process Data for Proposed Two-stage Super-pressure Entrained Gasifier.....	224
Appendix 5.4 Catalytic Coal Gasification Equilibrium Data.....	235
Appendix 5.5 Process Data for Two-stage Fluidized Super-pressure Gas Producer (Process 46).....	249
Appendix 5.6 Process Data for 150 psig Air Blown Lurgi Gas Producer (Process 37).....	259
Appendix 6.1 Summary of Quotations Obtained for Evaluation of Gasification Systems.....	267
Appendix 6.2 Design Data for the Various 250 MM scfd Pipeline Gas Plants.....	271
Appendix 9.1 High Pressure Thermal Softening Properties of Coals.....	357
Appendix 9.2 Partial Coal Gasification as Part of a Power Plant Cycle.....	359

VOLUME TWO

Appendix 3.1 Literature Search - Annotated Bibliography.....	1
Appendix 3.2 Literature Search - Additional References.....	49
Appendix 3.5 Organizations Contacted on Survey of Developments in Coal Gasification.....	173
