

CONTENTS

VOLUME I

| <u>Session</u> |  | <u>Page</u> |
|----------------|--|-------------|
|                | ADDRESS  |             |
|                | The Background of the United States Synthetic Fuels Corporation,<br>the Honorable James A. McClure, Senator from Idaho   | I-1         |
| I              | GENERAL  |             |
|                | Section 1 The Importance of Synthetic Fuels to Oil-Dependent<br>Utilities<br>B. Schwartz, Consolidated Edison Co. of New York  | 1-1         |
|                | Section 2 Synthetic Fuels in California<br>L. Papay, Southern California Edison  | 2-1         |
|                | Section 3 The Program of New Coal Conversion Technologies of<br>the Federal Republic of Germany<br>H. Diehl, BMFT<br>R. Holighaus, KFA   | 3-1         |
|                | Section 4 The Department of Energy Synthetic Fuels Program:<br>A 1980 Perspective<br>G. Fumich, Jr., U.S. Department of Energy   | 4-1         |
|                | Section 5 The Dynamics of Interdependence; Synfuels<br>Versus Middle Eastern Oil<br>T. Stauffer, Harvard Center for Middle East Studies  | 5-1         |
| II             | CLEAN LIQUID AND SOLID FUELS   | 6-1         |
|                | Section 6 Exxon Donor Solvent Coal Liquefaction Process:<br>Development Program Status III<br>W. R. Epperly, Exxon Research and Engineering Co.<br>K. W. Plumlee, Exxon Research and Engineering Co.<br>D. T. Wade, Exxon Research and Engineering Co. |             |
|                | Section 7 Current Status of H-Coal® Commercialization<br>R. M. Eccles, Hydrocarbon Research, Inc.<br>G. R. DeVaux, Hydrocarbon Research, Inc.  | 7-1         |
|                | Section 8 The Coal Hydrogenation Plant in Bottrop<br>R. Specks, Ruhrkohle<br>J. Langhoff, Ruhrkohle<br>E. Woloski, Ruhrkohle<br>G. Escher, Veba Oel  | 8-1         |

| <u>Session</u> |  | <u>Page</u> |
|----------------|--|-------------|
| Section 9      | Cost Comparisons of Alternative Routes for Converting SRC-II Oil-to-Distillate Fuels<br>R. F. Sullivan, Chevron Research Co.<br>D. J. O'Rear, Chevron Research Co.<br>B. E. Stangeland, Chevron Research Co.<br>H. A. Frumkin, Chevron Research Co.                          | 9-1         |
| Section 10     | SRC-II Demonstration Project<br>D. M. Jackson, Pittsburg and Midway Coal Mining Corp.<br>J. Freel, Pittsburg and Midway Coal Mining Corp.<br>B. K. Schmid, Pittsburg and Midway Coal Mining Corp.  | 10-1        |
| Section 11     | Saarberg Coal Liquefaction Developments<br>H. Würfel, Saarbergwerke AG   | 11-1        |
| Section 12     | SRC-I Coal Refining Demonstration Plant<br>S. M. Morris, International Coal Refining Co.<br>E. P. Foster, International Coal Refining Co.  | 12-1        |
| Section 13     | Rheinbraun Liquefaction of Brown Coal<br>U. Lenz, Rheinische Braunkohlenwerke AG<br>D. Böcker, Rheinische Braunkohlenwerke AG<br>W. Dolkemeyer, Union Rheinische Braunkohlen<br>K. H. Keim, Union Rheinische Braunkohlen   | 13-1        |
| Section 14     | Dow Coal Liquefaction Process Update<br>V. T. May, Dow Chemical, USA<br>N. G. Moll, Dow Chemical, USA<br>G. J. Quarderer, Dow Chemical, USA<br>G. A. Stuart, Dow Chemical, USA   | 14-1        |
| Section 15     | Status of the Mobil Methanol-to-Gasoline Process<br>A. Y. Kam, Mobil Research and Development Corp.<br>R. Gould, Mobil Research and Development Corporation<br>R. Sills, Mobil Research and Development Corporation<br>J. Zahner, Mobil Research and Development Corporation | 15-1        |
| Section 16     | Union Oil's Shale Oil Demonstration Plant<br>R. O. Dhondt, Union Oil Company of California<br>J. Duir, Union Oil Company of California   | 16-1        |
| Section 17     | Oil Shale: A Developing Industry<br>W. F. McDermott, Occidental Oil Shale, Inc.  | 17-1        |

## VOLUME II

### III CLEAN GASEOUS FUELS

|            |  |      |
|------------|--|------|
| Section 18 | Texaco Coal Gasification Technology<br>W. R. Siegart, Texaco, Inc.   | 18-1 |
| Section 19 | Experiences with the Texaco Process of Coal Dust Pressure Gasification<br>B. Cornils, Ruhrchemie AG<br>R. Specks, Ruhrkohle AG | 19-1 |
| Section 20 | Cool Water Coal Gasification Program: A Demonstration of Gasification Combined-Cycle Technology                                | 20-1 |

| <u>Session</u> | <u>Page</u>  |
|----------------|--|
|                | W. Hefner, General Electric Co.<br>L. Carlstrom, General Electric Co.  |
| Section 33     | The VEW Coal Conversion Process in a Combined-<br>Cycle Power Plant<br>G. Hirschfelder, Vereinigte Elektrizitätswerke<br>Westfalen AG 33-1 |
| Section 34     | Baseload Gas Turbines for Coal-Fueled Utility Service<br>P. E. Grevstad, United Technologies Corp. 34-1                                    |
| Section 35     | High-Pressure Coal Gasification Combined-<br>Cycle Power Generation<br>K. H. Krieb, STEAG AG<br>K. Heyn, STEAG AG 35-1                     |
| APPENDIX A:    | Conference Agenda A-1  |
| APPENDIX B:    | Conference Attendees B-1   |
