

BAG      TARGET

INDEX - MICROFILM - REEL - 74  
(Orig. Ident. Reel 9C)

3896

8. Completed
9. Low temperature carbonization
10. Torpedo oils
11. Vapor lock studies
12. Flame thrower fuels
13. Preparation of highly alkylated cyclo-hexanes
14. Use of crude oil for Diesel engines
15. Patent applications, miscellaneous

BAG      TARGET

16. Refining of oils with hydrogen peroxide
17. Hydraulic liquids
18. Preparation of extreme pressure lubricants
19. Micro-chemical investigation of generator filter-residues
20. Lubrication problems - miscellaneous
21. Reprints from fuels and lubricants circulars
22. Coloration of flames
23. Desulfurization and refining, miscellaneous refining problems
24. Analytical data on oils
25. Safety fuels
26. Specifications for fuels and lubricants
27. Utilization of low octane no. fuels in internal combustion engines
28. Investigation of lubricants
29. Compass fluids
