

INDEX - MICROFILM REEL 274

(BM 47)

TOM Reel 274 consists of Bureau of Mines Translations T-361 to T-459. Bureau of Mines Translations T-404 and T-444 are omitted. Also included in TOM Reel 274 are Sinclair Refining Company Translations S-1 to S-121. TOM reel references showing where the documents appear in the original German are given wherever possible.
