PRELIMINARY REPORT ON
SYNTHESIS RUN NUMBER 15

April 18, 1947

THE TEXAS COMPANY
MONTEBELLO LABORATORY

PRELIMINARY REPORT ON
SYNTHESIS RUN NUMBER 15

INTRODUCTION

Run Number 15 was made on the Montebello Synthesis Unit over the period April 7 - April 12, covering a total of 226 hours operation. The run was terminated by a sudden loss of bed temperature and a simultaneous rise in wet gas rate.
