

V. FUTURE WORK

1. Additional data should be obtained on the Alan Wood catalyst ground to finer particle size.
2. Efforts should be made to find a more active catalyst.

WORK DONE BY

du Bois Eastman	Ass't. Dir. of Research
R. A. Beck	Supervisor
W. L. Slater, Jr.	Chemical Engineer
C. E. Potter	Operator
J. F. Elliott	Operator
L. Estabrook	Operator
G. B. Scott	Operator
E. J. Freeman	Operator Helper
J. A. Klein	Operator Helper
J. Hughes	Operator Helper
H. C. Rupp	Operator Helper
W. A. Herrick	Operator Helper
C. Mitchell	Operator Helper
C. T. Turbyfill	Operator Helper
Lowell O. Bell	Operator Helper
Roy Gothard	Operator Helper
L. A. Jackson	Operator Helper

Analytical Work - Mass Spectrometer

Arthur Edwards	Chemist
Robert Metcalf	Operator Helper
Ralph Ricketts	Operator Helper
William Sample	Operator Helper
Alfred Whitmore	Operator Helper
